

java.io.IOException: de.etecture.ekz.onleihe.backend.c: User trapped (error code:305)

The error message "java.io.IOException: de.etecture.ekz.onleihe.backend.c: User trapped (error code: 305)" appears in the Onleihe app if the registration could not be carried out correctly.

[Export in PDF](#)

Solution steps:

- Signing out and signing in again in the app
- Delete account in the app and create it again
- Have the library check the validity of your user account
